

Religious Education

Enrichment

At Leopold Primary School, we enhance our Religious Education curriculum in a variety of fun and engaging ways. Teachers provide challenging and engaging lessons for all year groups. These lessons are enhanced by the use of different sacred texts and artefacts. Children also take part in Diversity Days which celebrate religious events across a range of religions and cultures; pupils take part in cooking lessons to learn about the different foods used to celebrate certain religious days. In addition to this, children have the opportunity to visit places of worship to study the architecture and learn about the many faith groups in our community.

Noodle Making in Nursery for Chinese New Year
