COVID Guidance in Schools

This week, we saw some changes to the guidance published by the government in regards to schools and bubble systems.

Until the 19th July, we should continue to follow all guidelines and be vigilant with our hand washing and social distancing. Parents who need to visit the school office, must wear a mask at all times, unless exempt.

Sports for Schools

After our inspirational visit from top GB athlete Peter Bakare last week, pupils have been busy raising money through sponsored fitness. Thank you to all those pupils who took part. So far, we have raised an amazing **£1,675.95** across both sites! This money will go towards funding PE equipment in school.

COVID -19 Updates

The Government has announced more details about step 4, the final stage of the roadmap, which is expected to start on 19 July. It is therefore vital that we continue to adhere to government guidance in term of good hygiene practice, mask wearing and social distancing. Please visit the following website for further information: <https://www.gov.uk/coronavirus>

Coronavirus (COVID-19)

To keep the school community safe; it is critical that families adhere to the follow guidance.

Under **no** circumstance should you send your child to school:

- If your child is symptomatic
- If someone in your household is symptomatic
- If you have been in contact with someone who has tested positive for COVID-19

Remember that if **you, your child or anyone in your household** have symptoms of COVID-19 and are awaiting the results of a test, **do not** send your children into school. Children must remain at home until the results of the test have been given.

Before making the journey into school, you must stop and ask yourself these questions, do **you, your child or anyone in your household** have a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia).

If you answer YES to any of the above, you must not come to school. You must call 111 for advice.

If your child becomes unwell during the school day they will be sent home and are advised to follow the guidance for households with possible or confirmed coronavirus (COVID-19) infection.

This sets out that they must:

- self-isolate for at least 10 days
- arrange to have a test to see if they have coronavirus (COVID-19)

If your child has:
a high temperature
a new, continuous cough, or
a loss of, or change in, sense of
smell or taste

This could be a sign of
coronavirus

Book a test

If your child has:
a runny nose, is sneezing or
feeling unwell
But they don't have:
a high temperature
a new, continuous cough, or
a loss of, or change in,
sense of smell or taste

These are
**not normally symptoms of
coronavirus**

Seek advice from a pharmacy, dial
111 or see your GP

Yours faithfully,

Ms Harvey
Head of School
